

Jaw surgery DVD - bulk purchase

A Patient Guide to Orthognathic Surgery

This DVD has been produced in collaboration with the British Orthodontic Society to inform potential patients about Orthognathic Surgery. It presents the treatment process in a simplified way for ease of understanding. Incorporating 3D animations and interviews with patients, it describes what happens when, for how long, and the relevant implications. It has been designed and written specifically for patients and is intended to be used at home, enabling patients to discuss the procedure with their family, partners or friends.

Individual sections are accessed via menu screens so that relevant stages can easily be referred to at any time throughout the treatment.

DVD Sections:

Overview of the Process

Orthodontic Treatment – Planning Your Treatment

Orthodontic Treatment – Braces and Retainers

Orthodontic Treatment – What You will Need to Do

Orthodontic Treatment – Possible Risks

Surgery – Lower Jaw Surgery (Mandibular Osteotomy)

Surgery – Upper and Lower Jaw Surgery (Bimaxillary Osteotomy)

Surgery – ‘Open Bite’ Upper and Lower Jaw Surgery (Anterior Open Bite Bimaxillary Osteotomy)

Surgery – Chin Surgery (Genioplasty)

Patient Experiences

One Patient's Story

The DVD is available for purchase by any interested orthodontist

All proceeds will go to the [BOSF](#)

NB This DVD covers frequently occurring problems and explains what most patients experience. There may be unusual circumstances which will make the treatment different and it is anticipated that these differences will be discussed with the patient by the team of surgeons and orthodontists dealing with the individual problems.

Sold in packs of 25 for distribution to patients. Price £240 per pack

Price: £240.00
