

National survey of audit activity 2007

Forms returned covering the period 2007

A survey of the regional orthodontic audit groups across the UK has taken place using the downloadable BOS audit survey forms 1, 2A and 2B. The survey established what projects were ongoing (Form 2A) and what were completed (Form 2B) during the period 2007. This should provide a useful reference for planning future audits and for BOS members to be aware of audit activity nationally. Each regional coordinator will doubtless be pleased to provide more details of individual audits upon request. For full details [click here](#)
