Sean Masterson, Dan Daly.

#### **Minutes from the AGM BOC September 2014**

Accepted with no matters arising and signed by David McAleavey.

#### **Contracts**

David McAleavey gave a summary of the current status of PDS contracts. All are time limited and will be open to procurement law/regulations when they expire. Most have been rolled on for varying lengths of time depending on the area but most will expire at the end of March 2018.

The re-tendering process will be managed by Local Area Teams following national guidance but will vary depending on locations.

Some areas are already requesting PAR scores for a percentage of completed cases as part of the KPIs to bench mark performance.

There is likely to be much emphasis on patient reported outcomes and experiences.

David also advised taking legal advice if anyone is planning to take 24hour retirement as contracts can be re-tendered in this circumstance.

Practice values are still thought to be approx. 1.5x total contract values.

#### **Study Day 2017- 4 February at Stratford Manor**

Elizabeth Evans is organising the study day again this year which promises to be another resounding success!

Speakers so far include:

Wendy Bellis on autism

Katherine Boorer from the GDC on social media

Brian Kelly from NHSBSA on clinical monitoring and reporting

Lorraine Barreto on treating low angle cases

Goldie Songra on treating high angle cases

### **Chair's report**

The Chair thanked those attending and announced the new Chair from the date of this meeting, Elizabeth Evans. Elizabeth was elected unopposed.

The committee thanked David for his role as Chair over the preceding years.

### **AOB**

Kurt congratulated Liz Roberts on being awarded the Group prize.

### **Date of next AGM**
